About

At Outmazed® Design, we skillfully blend contemporary trends with Middle Eastern and European influences, crafting spaces that captivate. To realize your distinct vision, we employ cutting-edge 3D rendering, allowing you to envision the metamorphosis before it unfolds. Each texture, each shade, each subtlety is chosen based on your taste, culminating in a design that communicates your personal flair. We're not merely about satisfying expectations; we aim to surpass them. More importantly, it's about forging adaptable spaces that offer both visual delight and practical utility. Embark on your interior design adventure with us. Get in touch today, and together, we'll fashion a space that not only embodies you but also pushes the boundaries of design, surpassing what you imagined conceivable.

Awards & Achievements

Our in-house team boasts award-winning expertise in landscape andpool design and construction. With a track record of over 100+ cutting edge pools and landscaped gardens, our experience spans diverse disciplines, continually refined year after year to benefit all our clients.

It is with pride that we are able to claim that our work was aired on STARZPLAY (Project Miracle - link can be founded below) which demonstrates the uniqueness and creativity of our project outputs that gathered a lot of attention from several stakeholders. This is a testament not only to the design that we are capable of delivering but also the actual execution of the design to bring it to real life.
